Reopie

Company

to “more interesting work” which is why the

job recommendations present when it

stay consistent with that and keep the job

The survey's revealed a greater inclination

does. Along those veins, I also decided to

recommendations driven first by subject

More interesting work

Better-workers

peer recommendation

Better company

Recommendations

In my initial thoughts I thought that people

company recommendations.

would be more moved based off peer and

changes

Motivators for job
